ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

**YOU WILL WANT A PRICE LIST OF THIS SALE

PRICE LIST OF SALE \$1.00**

IS THIS YOUR FIRST AUCTION CATALOG?

22nd EDITION (1969) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"
AND OTHER AUCTION RECORDS USED IN CATALOGING.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins, unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

SMALL FEDERALs, TYPE I (SERIES 1928—NUMBER IN SEAL—"GOLD")

We are amazed by the sharp increase in the number of collectors for this long-neglected series. Possibly the addition of the \$1 to this series in 1963 focused the initial attention but the possibilities inherent in the series due to the many sleepers, has no doubt enhanced the interest. WE DO NOT KNOW OF A SINGLE COMPLETE SET! While quantities issued have some bearing on the rarity, we find that many were simply "just not laid away", resulting in many supposedly "not too scarce" notes actually being rare and very rare. We believe "challenge-wise" and "investment-wise" this series merits the attention of Knowledgeable numismatists. Prices are still reasonable in keeping with their face value but we believe this situation will change in the relatively near future.

FIRST \$1 GOLD IN U.S. — THE BECHTLERS

Struck from 1832-1852 from gold mined in Carolina and Georgia. Their honest weight and convenience made them highly acceptable (and resulted in a high majority being melted).

- | | |
|--|--------|
| 97. First listed type (1832?) CAROLINA GOLD, ONE*, reverse BECHTLER RUTHERF*, 28G., variety with "N" reversed, ROTATED REVERSE, remarkably choice specimen with PROOFLIKE surface! Easily worth | 400.00 |
| 98. Variety with N. CAROLINA GOLD DOLLAR around ONE, reverse C. BECHTLER RUTHERF. 30G.*, Uncirculated. RARE THUS. | 450.00 |
| 99. New type struck by nephew of C. Bechtler; A. BECHTLER DOL:* around "1", reverse CAROLINA GOLD 21C. around "27 G.", rather close to the "Uncirculated" for which acquired. Quite popular. Should realize close to the unc. price of | 275.00 |

\$1 CALIFORNIA GOLD — OCTAGON SHAPE

Struck from 1852-1882 and not to be confused with the later souvenir types which were mostly struck in base metal and gold-washed or plated. All the following are GENUINE. We note a renewed interest in this series with rumors abounding that several are writing a new standard authority in this field. This is long overdue. We feel this series is somewhat undervalued in keeping with its true rarity.

- | | |
|---|--------|
| 100. Undated, DEFIANT EAGLE HOLDING SCROLL similar in type to \$50 CALIFORNIA GOLD OCTAGON "Slugs", very fine appearing but evidence of solder removal. Choice specimens worth \$250; this worth proportionately. | |
| 101. 1854 Burnie 24, similar type smaller letters and date, extremely fine. From a 1960 sale as "VERY RARE" and valued \$200.00; probably now worth over | 300.00 |
| 102. 1853 B-9, Large Liberty Head, 8*, rev. CALIFORNIA GOLD * DERIB * 1 DOLLAR 1853, fine obverse, very fine reverse. RARE! Easily worth over | 100.00 |
| 103. 1853 B-12B (similar to B-12A but some differences) Large Handsome Liberty Head, 13*, rev. CALIFORNIA * GOLD ** N ** 1 DOLLAR 1853, Uncirculated, faint rub. The "commonest" variety catalogs \$90, surely this one worth over | 125.00 |
| 104. 1858 B-34, Small crude Liberty Head, "K" under (touching) head (probably Kuner the engraver) 13*, rev. CALIFORNIA GOLD 1 DOLLAR 1858, near uncirculated. "C" "I" "F" in California over similar letters. | 85.00 |
| 105. 1871 B-55A, Large well-engraved Liberty Head, "G" and "1871" under bust, 13*, rev. CALIFORNIA GOLD 1 DOLLAR, PROOF. SCARCE. | 150.00 |

| 108. 1875 B-63, Large handsome Indian Head (smaller type) 13*, 1875 below; rev. CALIFORNIA GOLD at top, wreath containing Large "1" DOLLAR *, Uncirculated with typical flat-struck stars. SCARCE. | 135.00 |

\$1 CALIFORNIA GOLD — ROUND

- | | |
|---|----------|
| 109. 1871 B-11, Very small Liberty Head, 13*, rev. CALIFORNIA GOLD at top, "1" at top of open wreath with DOLLAR 1871 below "1", PROOF. An OUTSTANDING RARITY! Burnie lists this variety as being worth four times that of the "commonest" round gold dollar. The present Guidebook value for the "commonest" proof round gold dollar is \$625, therefore this GREAT RARITY should now be worth | 2,500.00 |
|---|----------|

\$2½ GOLD 1848 SET "CAL.", P-C-D

Probably the most historical year of the \$2½ gold series (at least this collector thought so). He displayed and talked about this set for many years. We hope the new owner will continue doing the same. When he acquired the set, its value was somewhat less than \$1,000.00. Its present value is "considerably more". Not only did he have his "fun" but the set also "earned its interest". Judging from the increasing interest in gold, we cannot see why these coins should not continue their upward climb in value.

- | | |
|--|----------|
| 110. 1848 CAL. over eagle, very fine. 1848 Uncirculated with orange patina, pinpoint nick. 1848-C Near Uncirculated. 1848-D Near Uncirculated, rub spot in field. Mounted in plastic appropriately lettered and "THE CAL. IS THE FIRST CALIFORNIA GOLD STRUCK". The combined value of the four coins adds up to nearly | 5,000.00 |
|--|----------|

\$3 GOLD

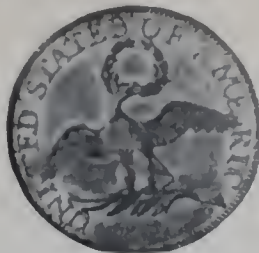

Divided into two types, the first type consists of the first year only, 1854 with tiny "dollars". The second type consists of 1855-1889 with Large "DOLLARS". Variations occur in the size of the date. We note a marked increased demand for this elusive denomination during the past year. The Guidebook reflects this with a rise in value of the "commonest" \$3 from \$300 to \$350 unc. The continued strong demand makes it probable that by the time this sale occurs, the \$350 price will be less than the market value. THE ENTIRE COINAGE 1854-1889 IS LESS THAN THAT OF A SINGLE YEAR OF THE \$1, \$2½, \$5, \$10 OR \$20!

- | | |
|---|----------|
| 111. 1854 Tiny "dollars", PROOF WITH ORANGE PATINA, tiny nick. AN OUTSTANDING RARITY. NOT PRICED IN CATALOG DUE TO ITS GREAT RARITY! Acquired several years ago at | 3,500.00 |
| 112. 1855 Large "DOLLARS", acquired 1959 from a California dealer as a full Proof which it is not. Prooflike with orange patina would be more accurate. Probably worth around | 500.00 |

- | | |
|--|----------|
| 113. 1858 MAGNIFICENT PROOF WITH WIRE EDGE! A leading authority states, "I DOUBT IF MORE THAN 4 OR 5 EXIST"! Acquired 5 years ago as "POSSIBLY FINEST KNOWN" at \$4,000.00. Could now realize \$4,500 to | 5,000.00 |

TERRITORIAL NATIONAL BANK NOTES

The RAREST and most interesting of all the nationals. We believe present values will prove to be "bargains" in the near future.

227. \$20 1882 Brown Back F-504, TER. OF HAWAII, Charter 5550, First National Bank of Hawaii at Honolulu, very fine and not quite the "Extra Fine" for which acquired. Purchased 3 years ago as "VERY RARE" at 950.00

228. \$1 1871 First Charter F-382, TERRITORY OF NEW MEXICO, First National Bank of Santa Fe, charter number not on note, very fine. Acquired as "VERY RARE" 2½ years ago at \$1,250; should now exceed 1,500.00

229 \$5 1882-1908 F-537, TERRITORY OF NEW MEXICO, Charter 5713, First National Bank of Clayton, signed by V.P. and Pres., dated 1900, very good. Acquired as 'RARE' 2 years ago at \$650; probably now worth closer to 850.00

It is a trifle shy of "very fine" and what we can figure out on a ratio of present day values, it should now realize closer to 3,000.00

BLACK CHARTER OVERPRINT OF 1875 NATIONAL

231. \$5 SERIES 1875 (First Charter) F-402, National Bank of Boyertown, Pennsylvania, CHARTER "2137." OVERPRINTED IN BLACK, very good. Acquired as "EXCESSIVE RARITY — IMPORTANT TYPE NOTE" and valued \$2,500.00 but sold to present owner at "bargain" price of \$1,950.00. We have checked records of our previous 279 sales and those of the past 35 years we have been professional numismatists and fail to find this note having been previously offered! What its present value might be, your guess would be as good as ours.

**NEW ENGLAND NATIONALS
VERMONT — FIRST CHARTER NATIONALS**

Undervalued in keeping with their rarity. A few moments thought makes one realize how small the total population of the state is and the very small population of most of the towns. With the very few collectors around during the period when these were available, it is indeed remarkable that the few known did survive. The valuations are those of the specialists who devoted the many years to assembling this collection. We believe future reference work will make use of this study.

SMALL CENTS, INCLUDES 1858 OVER 7

- | | | |

| 363. | 1857 FLYING EAGLE, golden brown Uncirculated, SHARP STRUCK with SMOOTH SURFACE. A choice specimen acquired 4 years ago at | 135.00 |

- | | |
|------|---|
| 364. | 1858 OVER 7, Large Letters, right corner of "7" evident at top right of 8 (see Guidebook illustration very fine and sharp. In original Walter Breen (who discovered the overdate) envelope with pencil illustration and notation "Only one other known" (believe this transaction took place about 5 or 6 years ago). With the inclusion of this major variety in the Guidebook, several additional specimens have been discovered making a total (we are told) of "About 7 or 8 now known, mostly very good to fine". This specimen (we are told) is CONDITION CENSUS and was acquired by the present owner at \$1,500.00. Present value? The additional discoveries have made it a "collectible variety of FAR GREATER RARITY THAN THE 1856 FLYING EAGLE (Guidebook lists 1,000 struck)." We believe it should surpass the 1856 in value in coming years, when the newer albums include it. The inclusion of the 1869 Over 8 resulted in its demand raising the price sharply. |

1937 REEDED EDGE 5c & 1c

| | | |
|------|---|--------|
| 613. | 5c 1937 Reeded Edge, Brilliant Uncirculated. Ira Reed, the well-known Philadelphia coin dealer, brought 104 pairs of the 5c and 1c to the 1941 A.N.A. Convention at Philadelphia and in selling them stated that they were a Mint Product. In recent years, some authorities have questioned their being a mint product. Cost | 150.00 |
| 614. | 1c 1937 Reeded Edge, red and brown Uncirculated. Cost | 150.00 |

1794 SILVER DOLLAR

| | | |
|------|--|----------|
| 615. | 1794 Bolender 1 (only the single die combination used). Only a total of 1753 struck late in year. Similar in some respects to the Shuford specimen sold by Kosoff in his May 14 Mail Sale. Kosoff there states "Probably less than 2 dozen (coins) survived." That specimen described "There is a characteristic weakness in the striking of the left side (as described by Bolender in his book). The reverse has an unusual number of adjustment marks (done at mint to bring coin down to proper weight — thereby saving the cost of melting and restriking) very fine. Very rare. \$5,500.00." The specimen now being cataloged has only a minimum amount of adjustment marks and which are much shorter than the Shuford specimen (pictured in Kosoff sale); they are at left obverse edge; the stars at left are a bit sharper while the letters of the reverse are FAR SHARPER with only the tops of STATES shallows struck. While the obverse of this very fine specimen not quite as sharp as the Shuford coin, the REVERSE IS MUCH SUPERIOR. The Shuford coin realized \$4,000.00. This nicer-appearing specimen should realize closer to its catalog value of | 5,500.00 |

1795 TYPE I (FLOWING HAIR) DOLLARS 15*

| | | |
|------|---|--------|
| 516. | 1795 B-1, Two Leaves beneath each wing, very fine with short line in field. SCARCE. Catalogs | 450.00 |
| 517. | 1795 B-6, Three Leaves beneath wing, rather close to the "Extra Fine" for which acquired, 3 pinpoint edge nicks. RARE. | 600.00 |
| 518. | 1795 B-4, Very good obverse, worn reverse with only part of eagle legible. Catalogs v.g. | 235.00 |

1795 TYPE II (DRAPED BUST) DOLLARS 15*

619. 1795, From a 1963 sale described "1795 B-14A?, similar to B-14 but slight bifurcation of A's in AMERICA. **A MAGNIFICENT SPECIMEN, SHARPLY STRUCK PROOFLIKE COIN**, faint must equalization marks (obverse). (\$2,000.00.)". The early dollars have generally more than doubled in value in the intervening five years. The remarkable specimen could now realize closer to 3,000.00
620. 1795 B-15, Bust properly centered, near Uncirculated. RARE. Catalogs somewhat low unc. at 1,300.00
621. 1796 B-1, Small date, small letters, two points of star touch curl, extremely fine. RARE. 550.00
622. 1796 B-4a, Small date, Large Letters (**NOT BIFURCATED**) very good with several edge dinges. **BOLENDER STATES "THE ONLY SPECIMEN I HAVE FOUND."** Since he does not illustrate it in his book (published 1950) we do not know if this is that specimen or another discovered since. Surely this great rarity worth well over 500.00
623. 1796 B-5a, Large Date, small letters, famous "**DOTTED I**" variety (die break above "I" in AMERICA — this is the advanced state with die break also well along "C") near Uncirculated. RARE, particularly so choice. Catalogs low unc. at 1,200.00

TYPE III, 1797 9X7 STARS, DOLLARS 16*

Tennessee became the 16th state in 1796, necessitating the addition of a new star.

624. 1797 B-1, Uncirculated with lovely blue and golden blended patina, close examination with a glass reveals what appears to be some shallowness of striking. **Certainly "CONDITION CENSUS"** (we do not recall seeing any sharp struck specimens). The catalog value of \$1,350 is ridiculously low. **THE LOWEST COINAGE (by far) OF ANY YEAR 1795-1803!** A glance at the mere 7,776 struck for the entire year (spread among 2 types — 3 MAJOR VARIETIES) compared to 203,033 for 1795 (spread among 2 types — 3 major varieties as in 1797) shows how unreal the valuations (at practically the same prices) are for 1797. It would still be "low" at 1,750.00

TYPE IV, 1797 10X6 STARS DOLLAR

625. 1797 B-3, Near Uncirculated with luster, typical shallow strike. These were the largest dies used in striking our coinage and constant trouble was encountered in striking these dollars 1794-1803. An attempt at uniformity in design was made later in 1797 with the redesigning of the largest silver coin, the "Unit" (see edge lettering) or dollar and the largest gold coin, the eagle(heraldic type). Both were designed with busts facing right and with placement of stars altered to 10 left and 6 right. **VERY RARE TYPE WITH HALF THE NUMBER STRUCK 2,493 COMPARED TO THE OTHER 1797 TYPE 4,941!** If this specimen were "Uncirculated" we would not hesitate to value it \$2,500.00. Since it is not, it should have a proportionate value, perhaps half.

TYPE II, 1798 TYPE OF 1796—15*, SMALL EAGLE DOLLAR

626. 1798 B-2, 15 Stars, small eagle, small letters as in 1796 B-1 (actually an unfinished obverse die of 1796 hurriedly finished with 1798 and combined with a 1796 reverse and pressed into service to "tide-over" until the new 13 stars obverse and heraldic reverse dies were ready). Only a very few were struck before the new 13 stars obverse die was ready and this combination striking discontinued. The reverse die with small letters gave a great deal of trouble as it did in 1797 when it was resurrected from being discarded in 1796 to strike the 342 1797 B-2 (small letters). Only an emergency would have forced the mint to again use this discarded die of 1796 and 1797. Bolender calls this **"VERY RARE, RARITY 5"**. Another leading authority states, "I would hazard a guess that only about 35 or so specimens exist in all". This particular specimen is **UNCIRCULATED WITH LOVELY BLUISH PATINA**. Under a strong glass, faint "mint equalization marks" are visible (see 1794, lot 615 for reason). **THE SHARPEST STRUCK SPECIMEN WE CAN RECALL SEEING IN ALL OUR 35 YEARS AS PROFESSIONAL NUMISMATISTS!** The typical shallow striking is at a minimum, evident on only a tiny spot of collar and only on a few feathers of eagle's breast (we have never seen a sharp impression from this reverse die, even when it was used in 1796 and 1797 — probably the reason it was discarded then). From the pedigree accompanying this remarkable coin, two of the former owners believed it was **"THE FINEST KNOWN SPECIMEN"**! It is difficult to value such a specimen but if we must, we feel its rarity, **PARTICULARLY IN THIS STATE OF PRESERVATION**, entitles it to a value of around 2,500.00

TYPE V, 1798 13*, SMALL EAGLE DOLLAR

627. 1798 B-1a, 7x6 STARS obverse (it was realized it would be impractical to add a star for each new state, therefore it was decided to have only 13 — the number of states in the original U.S.) combined with 1797 B-1b (SMALL EAGLE, Large Letters) reverse. Rather than wait for the new Heraldic eagle reverse to be ready, this TRANSITIONAL COIN was struck. Since the new reverse would be ready in only a very short time, it was decided to limit the production of this "hybrid" coin. Bolender calls B-1a **"VERY RARE, RARITY 5"** — presumably very close in rarity to the 1798 B-2. This specimen has only slight friction. It was acquired as "About Uncirculated" and is very close to that (have seen anywhere from condition 45 to 55 called "About Uncirculated"). Could very well be "Condition Census or close to it" as stated on the envelope, (we cannot recall ever seeing a condition 70 or even a condition 65 specimen). While not as rare as the 1798 B-2 in the top grade, we believe the "uncirculated" valuation of \$1,100 in the Guidebook is theoretical as we cannot find a record on which that reference bases its price. We believe this choice specimen worth 750.00

TYPE VI, 1798-1803 DOLLARS, 13* (7X6) HERALDIC EAGLE

628. 1798 B-20a, Very Wide Date, 13 Arrows, **UNCIRCULATED WITH SLIGHT BLUISH PATINA, CHOICE**. In addition to the die breaks described in Bolender, this late die has a Heavy Die Break at Rim below eagle. Bolender calls B-20 **Rarity 4**, therefore we believe this to be **RARITY 7 (EXCESSIVELY RARE)** worth at a minimum, at least double the **Rarity 1** price (common) or at least 1,450.00
629. 1798 B-24a, Medium Date, 13 arrows, 5 small berries, shallow struck lower portion of bust's neck (and equivalent position of reverse) as typical of this die variety, near Uncirculated. Catalogs unc. 725.00
630. 1799 OVER 98, B-1, Normal 13 stars reverse, **UNCIRCULATED** with blended blue and gold patina. Bolender states **"VERY RARE, RARITY 5"** — not to be confused the usual 1799/98 B-2 offered which Bolender calls **"Rare, Rarity 4"** (about 3 times as many said to be known as this very rare variety). Easily worth 1,000.00

TYPE VI, 1798-1803 DOLLARS, 13* (7X6) HERALDIC EAGLE (Cont.)

631. 1799 B-5a, Variety with "Waves" at top of date, and corner missing from "U" of UNITED, 5 Large Berries, UNCIRCULATED WITH BLuish GOLDEN PATINA. Bolender calls this "RARE, Rarity 3". The Guidebook catalogs Rarity 1 ("common") varieties at \$650, surely this Rare one worth 850.00
632. 1799 B-14, Small berries, very fine but holed. "VERY RARE, Rarity 4" variety. The "commonest" variety (Rarity 1) catalogs v.f. 210.00
633. 1799 B-17, Extra Large Berries, very good. SCARCE. 125.00
634. 1800 B-11, AMERICAN variety (Excessively rare — do not confuse with B-19, the other AMERICAN variety). Bolender lists this as Rarity 7 (when he published his book in 1950). Since then, additional specimens in the lower grades have been discovered making it closer to "VERY RARE" (Rarity 6 or possibly high R-5). This particular specimen is very close to the "very fine" for which acquired. Cost 350.00
635. 1800 B-14, Famous DOTTED DATE variety, UNCIRCULATED with blended blue and golden patina. RARE. Catalogs 625.00

636. 1801 B-3, Variety with right foot of T's missing, **BRILLIANT UNCIRCULATED, SHARP STRUCK!** Bolender calls this "RARE, Rarity 3." We note an ad on page 1190 of the August Numismatic Scrapbook Magazine by a leading Los Angeles dealer offering a "\$1 1801 Beautiful steel gray toning — Choice Uncirculated" at \$1,250.00. Surely this Rare Variety in "Choice Uncirculated" worth at least 1,500.00

637. 1802 OVER 1, B-1, Only 12 Arrows, Close Overdate, UNCIRCULATED GOLDEN, typical shallow strike, very tiny edge nick. Bolender calls this "VERY RARE, Rarity 4". Easily worth 875.00
638. 1802 OVER 1, B-3, Wide Overdate with most space between 8 and 0, late die state (should be listed as B-3a) near Uncirculated with luster. Bolender calls this "RARE, Rarity 3". Catalogs low unc. at 650.00

639. 1802 B-6, Close Perfect Date, **BRILLIANT UNCIRCULATED. VERY RARE SO CHOICE.** Page 1190 of August Numismatic Scrapbook Magazine by a lead-in Los Angeles dealer contains an ad offering "\$1 1802 Close Date — B-6 Brilliant Uncirculated \$1,250.00". Surely this choice specimen worth at least as much. 1 250.00

640. 1803 B-4, Small 3, only 12 arrows, **BLuish GOLDEN UNCIRCULATED**, small mark on cheek, typical strike with shallow second star. Bolender calls this "RARE, Rarity 3". Well worth 750.00

TYPE VI, 1799 15* REVERSE DOLLARS

642. 1799 OVER 98, B-3, 15 STARS Reverse (actually an ERROR which the engraver tried to correct by placing clouds over the first and last stars but the points "peep-out" Uncirculated with Bluish Golden Patina, **SHARP STARS!** A lovely specimen of this "VERY RARE, RARITY 5" variety and type. Easily worth over 1,000.00

TYPE VII, 1799 8X5* DOLLAR

643. 1799 B-23, 8x5 Stars as in 1799 Eagles (\$10 gold). Evidently, an attempt to bring conformity of the largest silver and largest gold coins. Why this attempt was abandoned, your guess would be as good as ours. This specimen is rather close to Uncirculated having only the barest friction. Undervalued as both a variety "VERY RARE, Rarity 5" and "type" (only the single die combination). Catalogued in Guidebook in uncirculated at a ridiculously low \$750, should be (unc.) at least 1,000.00

| 707. | 1921 BRILLIANT SLIGHTLY GOLDEN PROOF WITH RAISED "SQUARE" EDGE, GEM! Acquired 1962 at \$750 as "Only 50 struck compared to 880 of 1895. RAREST PROOF LIBERTY HEAD DOLLAR!". The Guidebook has a "--" in place of price due to rarity. The "Proof" of this year is a "story unto itself". The mint struck 50 "Proof or Specimen Strikes" for the renowned Farran Zerbe. The last proof prior dollar struck was in 1904 and the last mirror-like finish proof in 1915 (10-25-50c). While the planchets were polished and the dies polished (as in producing the 1915 coins) they were not polished to quite the same degree of "depth" of proof surface. The "square" edge is evidence of greater pressure used in striking (as in proofs). WE CANNOT OVEREMPHASIZE THE TRUE RARITY OF THIS SPECIMEN! A LEADING AUTHORITY STATES, "I BELIEVE IT TO BE RARITY 7" (4 to 12 known)! The difficulty in using records for this is that 99% of those we have examined listed as "Proof" have turned out to be "First-Strikes" (Uncirculated sharp struck specimens with prooflike surface — as frequently occurred in many dollars. If this GREAT RARITY were in our stock, we would price it | 2,500.00 |

| 755. "GREAT AIR SHIP CITY OF NEW YORK" around balloon with 6 flags (U.S., U.K., etc.) and carrying gondola with wheel, rudder and side-wheel projections, reverse "Diameter 130 Feet. Height 200 Feet. Weight with outfit 3½ tons. Lifting Power 22 Tons. Capacity of Gas Envelope 375,000 Cubic Feet.", prooflike. Appears to be of 19th Century origin, silver. TYPE I HALF DOLLARS, 1794-95, FLOWING HAIR

The popularity of this series is evidenced by periodical publication of reference books. The latest one is by Overton.

757. 1795 Overton II who calls it "RARE", (Haz. 8, Beistle 8Bd) very good and sharp bust and eagle with LIBERTY, date, wreath and legends fine, some "mint equalizations marks" on obverse. 300.00

TYPE II HALF DOLLARS, 1796 15*, 1797 — "½" BELOW

758. 1797 Overton 3 with many interesting die breaks, extremely fine and sharp with nice and sharp hair strands, well-struck with only slight friction, traces of luster. A lovely specimen acquired as "about uncirculated". VERY RARE TYPE, PARTICULARLY SO CHOICE! The minuscule coinage probably due to the early failure of the die. The many want-lists on hand for this type leads us to believe its future appreciation in value will match that of the past. A lovely specimen well worth 7,500.00

TYPE IV HALF DOLLARS, 1801-07, 13* & HERALDIC EAGLE

759. 1806 Pointed 6, stem thru claw, DOUBLE "TY" in LIBERTY, very fine.
760. 1806 OVER 9, UNLISTED, similar obverse as Overton 21 but early die state with die break thru 8 light, reverse similar to 0-21 but WITHOUT DIE BREAK OVER "TED", typical weakness at eagle's right wing tip, near Uncirculated, typical shallow strike but SHARPER THAN PICTURED IN OVERTON! EXTREMELY RARE! 1,000.00
761. 1807 Overton 3, bust right, fine. Catalogs 65.00

TYPE V HALF DOLLARS, 1807-1836 CAPPED BUST

Minor engraved changes occurred periodically during this major type series.

762. SUB-TYPE I (1807-08) 1807 Overton 24 (called VERY RARE) 50 Over 20C reverse but VERY RARE "Bearded Chin" variety, extremely fine. 200.00
753. 1807 Overton 26, usual 50 OVER 20 variety, very fine. Scarce. Catalogs 65.00
764. 1807 Overton 33, Large Stars, golden Uncirculated, faint rub. RARE! Catalogs 350.00
765. 1807 Overton 31, small stars, virtually Uncirculated, only barest friction. RARE! Catalogs unc. 425.00
766. SUB-TYPE II (1809-11) 1809 Overton 16, N in UNITED recut, rotated reverse, extremely fine with traces of luster. SCARCE. 75.00
767. 1810 Small wide spaced date, struck from dished dies resulting in very fine obverse and near uncirculated reverse. Catalogs E. F. 40.00
768. 1811 Overton 11, small 8, near Uncirculated. Catalogs unc. 125.00
769. SUB-TYPE III (1812-15) 1812 OVER 11, Overton 2 (clash letters below bust) near Uncirculated. Overton calls it "RARE". 200.00
770. 1812 Overton 7, Dotted "I" (below) in AMERICA, bluish Uncirculated, faint rub. Catalogs 125.00
771. 1813 Overton 1, 50C. over UNI (the engraver really "goofed" on this die) virtually Uncirculated with barest friction. RARE! Probably "CONDITION CENSUS" for this "Naked Eye" variety which deserves separate listing in the Guidebook. Acquired 3 years ago and valued then 500.00
772. 1813 Overton 9A?, Similar to 9 but heavy die break left of eagle's claws to edge, bluish Uncirculated, faint rub. SCARCE. 150.00
773. 1814 Overton 7, ridge connects motto and wing, bluish Uncirculated. 150.00

| 774 | 1815 OVER 12, Overton 4 obverse but OVERTON 3 REVERSE, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED, SHARP STRUCK! A lovely specimen indeed of this RARE DATE, EXTREMELY RARE CONDITION AND EXCESSIVELY RARE VARIETY! What a combination. Acquired at \$1075 due to its condition as it was not attributed for variety at the time. Its attribution (aside from the intervening rise in market value as a date) easily entitles it to a value of over the | 1,750.00 |

Also "1249 Agnew" (Agnew collection sold by Kosoff some years later?). It now has a lovely GLITTERING BLUE & GOLDEN PATINA, very sharp edge. Acquired by present owner in 1963 at \$1000.00. Could now realize closer to | 1,500.00 |
| 787. | 1828 Overton 29, "date small and close, "C" (50C) recut at serif", Brilliant slightly golden Uncirculated center, blue edge, SHARP STRUCK "SQUARE EDGE" GEM! A lovely coin indeed! Easily worth | 200.00 |
| 788. | 1829 Overton 17, reverse "P" of 1828 with LARGE LETTERS ("UNITEDSTATES" one wo.d). "RARE" variety but "VERY RARE" AS TYPE! We note the new edition of the Guidebook now includes the 1828 small 8's and small letters MAJOR VARIETY with "—" (no price). We believe this MAJOR VARIETY 1829 will also be included in future editions. This lovely specimen is BRILLIANT UNCIRCULATED, SLIGHTLY GOLDEN, SHARP STRUCK! | 350.00 |

| 794. | 1832 Small letters, edge "ORALF", bluish Uncirculated, SHARP STRUCK WITH CENTER POINTS OF ALL STARS SHARP! A pinpoint nick in field restrains us from using superlatives. | 125.00 |
| 795 | 1833 Crossbars extending into left wing (not listed in Overton) Uncirculated slightly golden, CENTERS OF ALL STARS SHARP except star 8 (which does not show center point). Probably "RARE". | 150.00 |
| 796. | 1834 Overton 16, Recut stars 3 & 4; "LUR" of PLURIBUS ground out of die in reworking it for further use (as illustrated in Overton - page 316) small date, small letters, probably "Uncirculated" but it does show faint rubbing. | 60.00 |
| ✓ 797. | 1834 Overton 6 (who calls it "So-called child's Head — round cheeked, wide eyed appearance, one of the better examples of SMALL DATE-STARS-LETTERS variety") near Uncirculated, sharp. | 65.00 |

Acquired from a May, 1959 Numismatic Scrapbook ad of a leading California dealer as a "PROOF". While it does have a blue Proof surface, it does not have all the criteria generally associated with a proof. This is not unusual for this period as various quality "proofs" were made. We prefer the term "Specimen Strikes" for these type coins given special care in their manufacture. Cost then (1959) \$200; could now realize closer to | 300.00 |
| 801. | 1836 OVER 4? (Overton 27) near Uncirculated. Considered by some authorities an overdate while others won't state definitely either way. Records over | 100.00 |

TWENTY-CENT PIECES

Authorized in 1875, the people soon complained about their similarity to the quarters. They circulated mainly in the west during 1875 and to a limited degree, in 1876. The final two years of 1877 and 1878 were struck only in proof for collectors and even these were not very popular. As a result, the unsold proofs were melted as were the unissued 1876-CC. They are somewhat rarer than the mint figures indicate.

1836-37-40-41 PROOF HALF CENTS

1222. "1836 ORIGINAL, LARGE BERRIES, GEM PROOF, RED OBVERSE, BLEND-ED RED AND BLuish REVERSE. VERY RARE! Acquired at \$600 in the Penn-Ohio convention sale of October, 1961." The above description from our June, 1963 sale from whence the present owner acquired this rarity (only about 12 said to be known — including those impounded in museums, foundations, "family collections", etc.). Surely now, five years later, this rarity now worth over 1,000.00

1223. "1837 Token, bluish brown PROOFLIKE GEM. The choicest specimen we can recall cataloging! Acquired in October, 1961 at Penn-Ohio convention sale at \$200; should now bring \$350.00". From our June, 1963 sale with above description. The Guidebook has finally recognized the true rarity of this in the top grades by not pricing it above very fine. We believe this remarkable specimen worth at least 500.00

1224. "1840 Original with Large Berries, bluish brown. VERY RARE. Fewer specimens appear to have come upon the market than of most of the other dates in the 1840's. If rarity is a guide to value, then this great rarity should bring close to \$1,000.00". From the same June, 1963 sale five years ago.

1225. "1841 Original with Large Berries, reddish iridescent proof. RARE. The Brobston specimen was \$700; surely this one now worth closer to \$850.00." From the same June, 1963 sale five years ago.

1824. 10c F-1248, SURCHARGE "0-63", NEW, CRISP, cut so complete left and bottom margins plus minute portion of adjacent notes show — corresponding portions of top and right cut into margin. Evidently, the entire sheet was cut this way. An old envelope of New Netherlands accompanying it has "Raymond 22c, Always Off-Center, RRRR, FAR RARER THAN ALLISON & NEW 50c!". Another more recent envelope (dated 1965 — evidently when the present owner acquired this note) has "THE RAREST OF ALL THE LISTED MAJOR VARIETIES OF FRACTIONAL CURRENCY" and "FAR RARER THAN FRIEDBERG 1330 (Allison & New) WHICH HAS A CATALOG VALUE OF \$1,500.00", "A STEAL AT ONLY \$1,000.00". We note the present catalog has advanced F-1330 \$400 to its current value of \$1,900.00. This F-1248 is so rare that any value placed upon it would be theoretical. If rarity is the criterion of value, then we would estimate this "Impossible To Obtain" note at over \$3,000.00. However, being a realist, we realize prices are determined by supply and demand — what this note will actually bring — more or less, will have to be determined by you, the bidder. The rarity of this note prompts us to remember the phrase occasionally seen over the years. "THE CHANCE OF A LIFE TIME". Surely, if that saying was ever appropriate, it would apply to this remarkable rarity.
